INDEX TO VOL. XXXII,

ELECTRICAL REVIEW,

JANUARY 5, 1898, TO JUNE 29, 1898.

A Weekly Record of the Progress of Electrical Science.

ARTICLES MARKED * ARE ILLUSTRATED.

TIMES BUILDING, 41 PARK ROW, NEW YORK.

A.

Acetylene cylinders for submarine mines 264
Acetylene gas explosion, Frank S. Hastings injured by 353
Acoustic resonators 165
Adam, George. Theory in reference to the origin and character of X-rays 148
Adams, Abner S., Death of 395
Adams-Bagnall Electric Co. Exhibit..*357
Advance information, 16, 32, 48, 64, 80, 96, 112, 128, 144, 159, 160, 174, 190, 206, 222, 238, 254, 270, 288, 306, 324, 342, 378, 414, 430.
Advertisers, A few "bewares" for.... 201
Advertising:
  Continuous 191
  Neat idea *328
  Trolley car fenders 329
Air-brakes, Standard, for surface cars.*361
Air-compressor, Deming triplex electric *125
Air-pump, Standard air-brake equipment *361
Alarm, Electrical steam-gage *278
Aldrich, Wm. S. Central power plant on board ship versus distribution of power 213, 236, 251
Alternating currents:
  Death from 230 volts 79
  Effects of, on human body. Dr. W. S. Hedley 341
  General distribution from central stations. Herbert A. Wagner, 396, *401, 426
  Measurements by. H. A. Rowland.. 299
  Versus direct current 406
Aluminum as a rival of copper and brass for electrical conductors. A. E. Hunt 118, 143
Amber, first source of electricity 223
Ambroine. J. A. Montpellier 328
American Bell Telephone Co.:
  Annual report 213
  Stockholders 276
American competition in Europe 75
American Endoscopic Co. Miniature lamps *79
American Engine Co. Exhibit *340
American Impulse Wheel Co. Power plant in French factory *183
American Incandescent Lamp Co. New tipless lamp 360
American Institute of Electrical Engineers:
  Annual meeting 331, 423
  Election of officers 331
  Meetings 56, 76, 133, 205, 261, 285
  Omaha meeting 403, 406
American Rheostat Co. consolidated with Cutler-Hammer Mfg. Co... 407
American Society of Mechanical Engineers, meeting 336
American Stoker Co.:
  New York offices 301
  Stokers 5, 69, *397
American Street Railway Association:
  Annual convention, 1898 202
  Seventeenth annual meeting 126
American Tool Works Co. Election of officers 252
Anger, Henry, Dinner to 166
Anniversary dinner of telephone men at New Haven, Ct. 73
Anthony, Prof. W. A. Magnetic ore separators 170
Arc lamps:
  Candle-power of 10-ampere, 45-volt lamp. L. B. Marks 107
  Enclosed:
    General Electric *220
    High-tension series system. J. H. Hallberg 180
    Jandus double *45
    Trimming and cleaning. J. H. Hallberg 296
Arc Lamps. Enclosed (*Continued*):
    Westinghouse *303
    High-tension series system. J. H. Hallberg 180
    Schuckert & Co. 245
Armature construction, Direct current.*269
Armington & Sims Engine Co. 69, *357
Ashcroft Mfg. Co. Exhibit 284
Association of Railway Telegraph Superintendents, Annual convention 373
Astor, John Jacob, presents private yacht to government 260
Atkinson, Geo. H., arrested 137
Atwater, Charles, Death of 297
Austin push-button switch *151

B.

Badt hermetic cell *173
Baker, C. O., Jr. (portrait) *374
Baker, Reuben F., Death of 203
Balloons:
  Searchlights in captive 417
  Wireless telegraphy between 319
Barker, F. E. The mutual relations of municipalities and companies... 403
Barrett, Fred L. Report on street lighting of Des Moines, Iowa.... 93
Batteries:
  Badt hermetic cell *173
  De Lalande oxide of copper *293
  Thermo-electric, Novel form. C. J. Reed *294, *332, *351, *386
  (See also Storage batteries.)
Bayly, L., Patin's flywheel dynamo.... *275
Beard, James R. Submarine telegraphy 385
Bell, A. T. Insulators for long-distance transmission 186
Bell, Mrs. Alex. Graham. Suit of to secure interest in a trust fund.. 51, 267
Berri, William (portrait) *53
Bicycle, Surveying by *263
Blackwell, Edward, Strange case of... 365
Bleyer, Dr. J. Mount. Death by electricity 234
Blizzard, Chas. Train lighting by storage battery 368
Blodgett, Geo. R., Supposed clue to murderer of 211, 259
Boilers equipped with American stokers.*133
Book reviews:
  Gas, Gasoline and Oil Engines. G. D. Hiscox 330
  Machinists and engineers pocket manual. D. B. Dixon 267
  Model Engines and Small Boats. Nevil Monroe Hopkins 177
  Municipal Ownership versus Private Corporations. M. J. Francisco.. 187
  Storage Battery: a Practical Treatise on Secondary Batteries. Aug. Treadwell, Jr. 330
Books, Electrical; practical and elementary 78
Boston Electric Light Co. New plant. 119
Bowker, R. R. Public control, ownership or operation of municipal franchises.. ..... 26, 44, 70, 110, 138
Branding of Pribilof seals by electricity. E. E. Farmer *116
Brass and copper electrical conductors rivaled by aluminum. A. E. Hunt 118, 143
Brooklyn Bridge:
  Electric cars on 7, 11, *53
  Passenger kept his seat 171
Brush Electric Co.:
  Brooklyn and Buffalo lighting plants 153
  Demand for apparatus 432
Buettner, M. Train lighting by storage battery 368
Bulletin board, The modern newspaper. 370
Bullets discovered by X-rays 352
Bullock Electric Mfg. Co.:
  Motors direct-connected to printing presses *150
Bullock Electric Mfg. Co. (*Continued*):
  Motors driving printing press *369
  Plant 243
Buoys, Electric lighted 127
Burns, electrical, Cure for 184
Business prospects in the West 82
Butterworth, Benjamin, Death of 41

C.

Cables:
  Atlantic Cable Directory 427
  Montauk multiphase fire and burglar *11, 238, *341
  Omaha Exposition 105
  Paper wound, Differences in 417
  Telephone, Paper insulated, in Paris. 218
  (See also Submarine cables.)
Canadian Electrical Association, annual convention 407
Canadian letters 13, 166, 292
Candle-power of a 10-ampere, 45-volt arc lamp. L. B. Marks 107
Carnegie Steel Co. American stokers.*133
Cars:
  Air-brake equipment for surface cars.*361
  Orleans R. R. motor cars *425
  Underground trolley car, Electrical Exhibition *340
  Uses for old 293
Cascade, Electrical, at Electrical Exhibition, New York *295
Castings:
  Sessions Foundry Co *69
  Westinghouse electrical apparatus... *149
Catalogues in the "vernacular." 428
Cathode radiation, Nature of 255
Cells. (See Batteries.)
Central Electric Co., Chicago. New headquarters *390
Central Stations:
  Alternating versus direct-current practice 406
  Edison Building, Chicago *348, *360
  Engineering *23
  General distribution by alternating currents. Herbert A. Wagner 396, *401, 426
  General distribution by direct currents. L. A. Ferguson ..*408, 426
  Handy accessories 286
  Malaga, American machinery 111
  Malta *347, 350
  Meters, Method of handling. Geo. H. Draper 165, 181
  Monocyclic system in a direct-current generating station *220
  Municipal ownership. R. R. Bowker 26
  Palmer, Mass, station to be rebuilt.. 235
  Pioneer power plant *287
  Puteaux, France. Patin's flywheel dynamo. L. Bayly *275
  Tests by students 334
  (See also Transmission plants.)
Ceramics. Sale of Dana collection 136
Charter Day celebration in New York. 196
Cherry testing instruments *75
Chicago Department of Electricity ... 95
Chicago Electrical Association, Standard diagrams for electrical drawings.*140
Chicago notes 101
Chicago Telephone Co., Increase of business 30
Chinese "hello girl," First 87
Chinese telephone exchange, San Francisco *1, 87
Circuit breakers:
  French *212
  Sentinel *89
Clambake, A Rhode Island 423
Clark, Joel C. Telephone "Lang Syne." 84
Coherer, Application of. A. C. Brown. 317
Coho, H. B., & Co. Exhibit *339
Coke, Use of, in German stationary steam plants 297
Commercial Cable Co., Annual meeting 164
Commutator, Care of the 400
Companies:
  Electric, Control of 56
  Mutual relations of municipalities and. F. E. Barker 403
Conduction and insulation. R. A. Fessenden, 197, 218, 231, *262, *300, *314, 331, 369, 419.
Conductor, disabled, Benefit for 12
Conductors, Electrical:
  Aluminum as a rival of copper and brass. A. E. Hunt 118, 143
  Edison Building, Chicago 349
Conduits, Cumming's underground system 125
Congressmen and electric lights and fans. Geo. H. Draper 305
Connecticut Pipe Manufacturing Co.:
  Decision in favor of National Conduit and Cable Co. 143, 170
  Receivership 157
Consolidated Car Heating Co. Electric heater patent decision 133
Controllers, Advantages of series parallel 207
Conventions, Forthcoming electrical, 282, 330, 353, 371.
Converter, Largest rotary, ever built ..*359
Copper and brass electrical conductors rivaled by aluminum. A. E. Hunt 118, 143
Cradle, Motor 211
Cranes, Electric, in English railway shops 202
Crank shafts, Improved 252
Crocker-Wheeler Co.:
  Apparatus manufactured 244
  Exhibit *321
Crosby, O. T., organizes volunteer corps 260
Cross-head of Atlas-Corliss engine.. *372
Crouse-Tremaine Carbon Co. Exhibit..*315
Crown Woven Wire Brush Co. Exhibit.*339
Cumming's underground conduit and conductor system 125
Current modifier for medical profession.*199
Curves of distribution efficiency of alternating currents *401
Cushing, L. K. (portrait) *235
Cutler, Harry H. The regulation and protection of the electric motor, 230, 252, 278.
Cutler-Hammer Mfg. Co. absorbs the American Rheostat Co. 407
Cylinder of Atlas-Corliss engine *373

D.

Davis & Egan Machine Tool Co. New shop 178
De Lalande oxide of copper battery.... *93
De La Vergne Refrigerating Machine Co. Exhibit *338
De Luna, Narcisso J. B., Death of.... 297
Death by electricity 79; by J. M. Bleyer, 234; by S. W. Hedley, 198
Deming electric pumps *125
De Veau & Co. New telephone factory.*132
Dermatology and electricity. W. S. Hedley 39
Detector, Keystone ground *108
Diagrams, Standard electrical *140
Diamond Shoal lightship *116
Diesel heat motor 189, *313
Dimick, H G. Electrical shop transmission *90
Dipsomania, Electrical cure for 4
Discharge, Electric 196
  Powerful discharges. John Trowbridge *147
Distributing board, Sterling Electric Co *354
Dolbear, A. E Voltage of the editor of *Lightning* 184
Domestic electricity *227
Doren, Dennis, Death of 137
Dow, Alex. Electric lighting for profit 94, 108, 124

Draper, G. H.:
Emergency switchboard construction*215
Method of handling meters ... 181
Our congressmen and their electric lights and fans ... 305
Drawings, electrical, Standard diagrams for ... *140
Drill, Marvin electric percussion. F. H. Loring ... *156
Duncan, Dr. Louis:
Appointment as consulting engineer. 88
Volunteer engineer corps ... 260

Electrical Engineer Institute of Correspondence Instruction ... 283, *339
Electrical expositions. (See Expositions)
Electrical field, Possible or probable developments in 1898. S. H. Short ... 5
Electrical patents, 18, 34, 50, 66, 82, 98, 113, 129, 145, 161, 173, 193, 209, 225, 241, 257, 273, 291, 309, 326, 344, 364, 382, 400, 416, 432.
ELECTRICAL REVIEW:
Kind Words:
A decided improvement ... 42
An interesting letter ... 84
An utterance that will live in history 203
Authoritative and wholesome technical journalism ... 54
Best ... 123
Best and most readable electrical journal ... 54
Convenient form adds to desirability ... 42
Full of news ... 42
Gives the earliest and best news ... 54
Handier form ... 123
Impressed with the beauty of its dress ... 42
In the front rank ... 42
Large reading type ... 42
Meets with approval ... 42
More business-like form ... 54
Most versatile in its scope ... 54
Necessary for electrical housekeeping ... 330
New form ... 6
Notable and improving changes ... 54
Popularity illustrated ... 227
Reads from cover to cover ... 342
Sure to more than outdo its brilliancy in the past ... 42
Three facts ... 24
Unapproached by any other electrical publication ... 201
Wants every number ... 342
Wants to pay and continue ... 288
Welcome visitor to the station man. 123
Well pleased and looks for every number ... 315
Distributed at Chicago convention ... 393
